## MSA GENERAL CIRCULAR 01 OF 2020

The state of the local economy is taking its toll on motorsport at all levels, particularly so at national championship level. This has unfortunately led to a significant drop off in competitor numbers and the MSA board of directors has therefore taken the following decision in an attempt to safeguard national championship racing.

For 2020, and notwithstanding anything stated to the contrary in the various category regulations, MSA will adopt a general policy according to which national champions will be declared at season's end in all instances where a listed national championship class/category (depending on how the regulations are written) has managed to attain an average of six (6) starters across the season.

Although this decision only relates to national championship racing, MSA's regional committees around the country are encouraged to adopt a similar policy for regional championships in the individual regions for which they are responsible. This again would be with the aim of protecting regional championship racing in the various regions.
